

IMPACT 2818
SHEPHERD PROGRAM – 2016
Deadline for submission to your site manager: January 1st

It is our desire that church communities attend camp together and have a shared experience. We want leaders to be at camp with their students. That is why our programs are staffed with Volunteer Leadership Teams.

The Shepherd Program is a way to ensure that students of Leadership Team Directors are able to attend the week of camp that they are directing. Directors are able to reserve spots in their week of camp for students from their church or community.

To reach as many campers as possible we want each camp to fill to capacity. In order to avoid having reserved spots go unused, Shepherd Program spots cannot be held past April 11th. On April 11th, any unfilled spots will be released to campers on a waiting list or to the public for registration. If Directors wish to keep spots reserved for campers they believe will be attending from their church, they must pay for those spots on April 11th. Refunds for these spots will not be possible.

Shepherd Program Agreement

Church Name _____

City _____ State _____ Zip _____

Director Name _____

Director Phone Number _____

Director Email Address _____

Event Code & Dates _____

of Reservations Requested _____

**Please note that our system requires reservations to be split between boys and girls. Your total # of requested reservations will be split between male and female cabins. For example, if you request 25 reserved spots, 13 spots will be saved in the girls' cabins and 12 in the boys' – as there are generally more female campers than male. If you are aware that your group is likely to have many more campers of one sex than the other, please note that above.*

On behalf of the church named above, I agree to release or pay for any unused reservations on April 11th. I understand that the camp office will contact me using the information above prior to this date to discuss release or payment; and that any unused spots will be released if I have not arranged payment by this date. I understand that I will not be refunded for purchased spots that go unused.
