

Camp REYOAD

Spiritual Outcomes

Camp REYOAD teaches and explores the gospel with campers in fun and creative ways! Teachings are simple and focused on Jesus Christ as the path to salvation. We believe God values all people and we reflect that attitude!

Counselors and staff demonstrate the unconditional love of Christ in their daily interactions and friendships with campers. Time is spent in corporate worship, participating in teachings from the Bible, and small group devotions.

Theme & Worship

Each year brings a new theme to help campers connect real life and relationships to God and His love for us. Lessons, activities, and worship moments are developmentally appropriate and interactive.

Lessons by the Spiritual Director normally include a skit or song that campers will participate in or help lead.

Worship through music will include many well-known, upbeat songs that have interactive motions to get people up and moving! Music proves to be a crowd favorite at Camp REYOAD!
