

Camp & Retreat Ministry Response Information Regarding COVID-19

The safety of our campers, guests, and staff has always been, and will continue to be, our top priority. We are closely monitoring the COVID-19 situation and following the cleaning and care recommendations of the CDC and Indiana State and County Health Departments.

It is our intention to run all scheduled retreats and summer camp programs and continue to serve our camp families and church partners with an abundance of caution and enhanced wellness measures.

We do understand that you may be hesitant to register your child for camp or to plan a retreat at this time. We want to help you plan for life-changing ministry experiences with a peace of mind for any financial questions.

Continuing The Legacy Of Camping

Our camps have been here for almost 100 years and we trust that God is not done serving your churches and families here. We invite you to consider the following option as it is a possibility for your family or organization:

The camp and retreat ministries rely upon the income of summer camps and retreats as their primary funding source. In order for the camping ministry to exist through what may be a very tough budget year, it will require the generosity and partnership of supporters continuing to resource the present and future in difficult times. We invite you to consider converting some or all of your deposits and payments into a generous tax-deductible gift to the camp site.
